

## Pantanal (south) at Caiman Ecolodge 04 DAYS / 03 NIGHTS

**Duration:** Guests arriving in the morning of DAY 1 and departing in the afternoon of DAY 4;

**Guest & Package Profile:** This is a great option for discovering Brazilian richest region in terms of fauna and flora: the Pantanal. It is a package suitable for nature lovers who also want comfort.

Covering an area of approximately 143,000 square miles, the Pantanal is the largest floodplain in the Americas. The area is unique in the world. Savannah lowlands, floodplains and forests are influenced by the Amazon Forest and the scrublands of "Caatinga", creating a vast mixture of ecosystems. The balance of these ecosystems depends entirely on the water cycles of wet and dry seasons in the region.

Everything in the Pantanal reminds the guests of the presence of animals: sounds, traces, and movements. Alligators, wood ibis, cougars, snakebirds, hawks, deer, herons, howling monkeys and countless insects add color and sound to the ecosystem of the Pantanal.

**When to go:** All the year round. Dry season (high season) occurs between June and December (easier to see birds and animals during the whole season). Flood season (low season) occurs between Jan and May. Hottest months are Dec to Feb.

### ITINERARY – 04 DAYS / 03 NIGHTS

#### 1<sup>st</sup> DAY – Campo Grande / Pantanal (Caiman Ecolodge)

Arrival at the city of Campo Grande (CGR). Transfer to the Caiman Ecolodge (aprox. 4Hs with a 20min stopover). Check-in. Lunch. Activities (see below). Dinner. Activities (see below);
